

Programs

The 30-Days Foundation was proud to announce our newest program called **RefillMN**, www.RefillMN.org. RefillMN is a program that assists people with hunger-related issues in the state of Minnesota. Since our inception of this program in April 2015, RefillMN has provided more than 8,000 meals at The Dorothy Day Center in St. Paul as we serve every Tuesday and Thursday afternoons.

We are also very proud to be working with **LOAVES AND FISHES** and **OUR SAVIOR LUTHERAN CHURCH** in East Bethel, MN and **SERENITY SANDWICHES** in Crystal, MN as RefillMN expands the reach of the people we assist in significant economic struggles.

RefillMN also will be providing funding for various worthy food shelves who have far more networking opportunities that can stretch a donation from us for \$100 and provide \$800-\$1,000 worth of value from that donation. We will also be providing grocery gift cards for families in need to feed their children and themselves.

Our **KEEP THE KEY** program continues to assist people with back rent issues and/or a bit short for first month or security deposits to start a new life in their new home. Since 2013, we have helped over 300 families by dealing with landlords to find common ground to slow things down so the tenant or future tenant has a bit more time find the funds to handle the back rent or first month/security deposit needs. The landlords appreciate **KEEP THE KEY** because they are assured that they can conduct their business because funds are coming in.

The goals of The 30-Days Foundation is to help people get back on track. Both of these programs are attempting to do just that.

Keep The Key

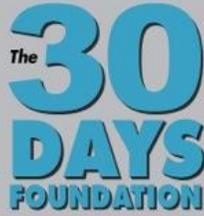

Keep the Key is a program started by The 30-Days Foundation that serves as a bridge between a tenant that is dealing with back rent due of a few hundred dollars to a landlord and a landlord that isn't the bad guy. They only want to pay their own bills like anybody does.

Keep the Key stemmed from multiple emails to The 30-Days Foundation from people who's families fate depended upon as little as \$150. If they had \$150, they can pay rent that month. If they don't have it, they would be evicted. Their kids are evicted. It also means they would have to come up with a security deposit and first and sometimes last month rent as well to move in to a new place.

Since inception in 2012, the Keep The Key program has helped nearly 350 families from being evicted by providing some assistance at the right time.

The landlord receives some kind of payment, enough for them to not have to serve eviction papers. The person being assisted gets a few more weeks to come up with the remainder needed to stay in their home without the pressure of having to search for funds for a new security deposit payment and first month rent, which in the vast majority of cases, they are unprepared to do.

Keep the Key serves both tenant and landlord with a plan both parties can benefit so the extreme of either preventing shelter from happening, or going to the extreme of eviction happening.
